

**STEPHANIE MORE, P.Eng.**

Stephanie More has held roles in the design, construction and operation of natural gas transmission facilities for Enbridge Inc. and its predecessor companies for the past 25 years. In her current role as Area Manager, Stephanie is responsible for Maritimes & Northeast Pipeline operations in Nova Scotia and New Brunswick and leads a team of professionals who safely maintain close to 900 km of natural gas pipeline within the two provinces.

Damage Prevention is one of her core accountabilities and Stephanie has worked with the Atlantic Common Ground Alliance (ATLCGA) steering committee since it was first conceived in 2012. Stephanie has also been an active member of the CCGA Best Practices Committee and supported the development of the first Canadian harmonized set of Damage Prevention Best Practices, which were released in 2014. Currently Vice Chair of the ATLCGA Board of Directors, Stephanie continues to be a strong advocate for Call or Click Before you Dig in the Atlantic Provinces.
