

# Robert Bourdages, P. Eng.

## Principal

## Stantec Consulting Ltd.

---

Robert Bourdages, P. Eng, PE, SE, LEED AP, is a structural engineer who has practiced building design along the US west coastal states, and in British Columbia and Alberta.

He has provided the structural design of buildings and earth shoring structures in many geographic areas with various soil and water conditions.

Robert is a Principal with Stantec Consulting Ltd. in Vancouver, and is currently working on the YVR CORE Program, a major infrastructure project at the Vancouver Airport.
